Tatkraft

Tatkraft is a German word meaning «energy». Our symbol is a **castle** and our slogan is «**Brings comfort to every house**».

Tatkraft is originated from the North, where winters are long and dark. In the past people built castles to protect their families from the cold and dangerous world outside.

Home was a sacred place. The castle is a symbol of durability, long lasting quality, safety and comfort. When it is freezing and dark outside, you appreciate the comfort inside your home. Northerners learned how to find balance in life to save energy for important things.

Of course, we are all different. However, the world today is so fast, changing and loud. Everyone needs to have a place to rest and recharge Energy. For Tatkraft, the place where you need maximum comfort is your home. We want to save your energy and provide you with increased long-lasting comfort in your home.

There are 80 best selling items and over 500 items in the assortment. Our typical product is mobile, durable, space saving, easy to install and use.

When creating a product we focused on one aim. We want to be sure that with this item your home will become more convenient, organized and cozy – comfortable in general.

Brings comfort to every house

Tatkraft

BRAND GEOGRAPHY

R&D is one of the main fields of development for the company – we constantly work on optimization and improvement of current best-sellers and developing new innovative solutions, keeping up with trends, but we always remain focused on our brand values.

Nordic Design is the essence of our philosophy, being both pure and bright, combining functionality with beauty and comfort.

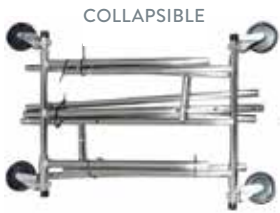

The future of the range is subject to a General Idea – Tatkraft Products should be Unique, Technological, Innovative and, most importantly, Client-Oriented.

PROTECT

BABY SAFETY STRAP FOR TV AND FURNITURE FIXATION

- Stress free: Having a safety strap reduces the risk of children or pets from tipping the TV and damaging itself. If you have children at home then this will minimize the risk of a child tipping the TV forward. You can adjust the straps to have a higher tension to hold the TV more firmly.
- Quality materials – High quality ABS and triple stitched nylon materials - stronger than average plastics and velcro. Firmly secure TVs, cupboards and other furniture, refrigerator, ovens, toilet seats, trash cans, etc.
- Mounting hardware included: all the necessary hardware to mount your flat screen TV or Furniture secure to the wall or TV stand. Two straps required for each TV or furniture, set includes 4 straps (2 whites, 2 blacks).
- Compatible with most TV's: Most televisions have holes on the reverse for screws; as long as these are present on your TV the wall mounts can be applied.
